

YDC Open House Social Distancing Guidelines

CSU's Youth Dance Conservatory (YDC) takes everyone's personal health and safety very seriously. This document lists our social distancing guidelines for our Open House.

Per the University System of Georgia's mandate, beginning July 15, 2020 all faculty, staff, students and visitors at Columbus State University are **REQUIRED** to wear a mask in public spaces and adhere to social distancing guidelines. Please bring a mask with you to our Open House so you may visit our studio spaces and meet our faculty and staff.

We will also have hand-sanitizing stations positioned throughout the studio areas. We encourage you to use them frequently during your time with us at the Open House.

Please visit our registration table on the first floor to check in and have your temperature checked. Here you will receive any necessary forms to be filled out before proceeding to registration on the second floor. Only 10 dancers (with one parent/guardian) will be allowed upstairs to register.

An additional 10 dancers (with one parent/guardian) will be allowed upstairs to visit the Grit and Grace store in Studio 214 if they are only doing dance wear purchases and not registration.

Please use the elevator to access the second floor and use the stairwell to exit to the first floor.

Registration tables will be set up in different areas of the studio spaces to maximize social distancing. Please follow staff instructions and signage to your designated registration area. Registration areas will be marked for appropriate 6 feet of social distancing.
